PROFILE

Computer Science undergraduate skilled in AI and automation, with experience in designing scalable systems, building efficient backend solutions, and applying modern frameworks and tools to deliver reliable software.

EDUCATION

Amity University, Jharkhand Ranchi, India
Bachelor of Technology in Computer Science 2022 – 2026

SKILLS

- **Language:** Java, Python, SQL
- **Libraries:** Streamlit, NumPy, Matplotlib, BeautifulSoup, Pandas, Seaborn
- **Frameworks:** LangChain, LangGraph, FastAPI
- **Tools & Platforms:** Git, GitHub, Docker, VS Code, MongoDB, Excel, PowerBI
- **Concept & Paradigms:** Generative AI, Deep Learning, DBMS, OOPS, Computer Network, Operating System

EXPERIENCE

366Pi Technologies Pvt. Ltd. Ranchi, India
Technology Intern 5th June 2025– 14th July 2025

- Worked on MCP Servers and integrated them with AI Agents to enhance automation capabilities.
- Supported and explored technical integration between server infrastructure and AI-based automation systems.
- Demonstrated dedication and professionalism, contributing effectively to the organization's technical projects.

OctaNet Services Pvt. Ltd. Remote
Web Development Intern 1st July 2024 – 1st August 2024

- Built responsive, cross-browser web interfaces with HTML, CSS, and JavaScript, adding interactive features to improve user experience.
- Collaborated on live projects using Git and GitHub for version control and team coordination.

PROJECTS

BroAdd – Browser Automation MCP Server July 2025

- **Solved:** Built an MCP server for browser automation, enabling agents to navigate, click, fill forms, run scripts, and capture screenshots through simple tools.
- **Used:** Python, Playwright, and the MCP protocol to design modular, reusable automation commands.
- **Impact:** Gave AI agents plug-and-play web interaction, reduced custom scripting, and made automation workflows easier to adopt.

DeClone – Duplicate File Remover August 2025

- **DeClone-Personal Scan:** Streamlit app to detect and delete duplicate local files.
- **DeClone-Team Collaboration:** FastAPI + Streamlit tool for teams to manage, store and remove duplicate files.
- **Impact:** Reduced clutter, improved file organization, and enabled smoother collaboration.

ACHIEVEMENTS / CERTIFICATION

- National Finalist – Smart India Hackathon 2023 19th December 2023
- Secured 3rd Place at the Inter-Institute Hackathon 28th February 2024
- Winner (1st Prize) at Tech Spectrum, Amiphoria 2024 26th April 2024
- IBM Expert Labs National Hackathon 2025 – Finalist 6th August 2025
